PROFESSIONAL SUMMARY

Highly motivated **Self-Learner** and **Junior Frontend Developer**. Specialized in building high-performance, interactive user interfaces using **React.js**, **Framer Motion**, and **GSAP**. Expert in translating complex designs into responsive, pixel-perfect web applications with an up-to-date technical mindset. Strong foundation in frontend architecture and state management, backed by **System Analysis & Design** principles.

TECHNICAL SKILLS

- **Core Frontend:** React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3.
- **UI & Styling:** Tailwind CSS, DaisyUI, PrebuiltUI, Responsive Design, Glassmorphism.
- **Animation:** Framer Motion, GSAP, Scroll-triggered interactions.
- **State & Tools:** Git/GitHub, Vite, RESTful API Integration, Postman, Axios, Web3Forms.
- **Foundational:** System Analysis & Design (SAD), Advanced Java, OOP, DBMS.

FEATURED PROJECTS

Agency.AI – Modern Agency Landing Page

[GitHub] | [Live Link]

- Engineered a visually immersive digital agency interface using **React.js** and "Glassmorphism" UI trends.
- Developed advanced scroll-triggered animations and interactive elements using **Framer Motion** and **GSAP**.
- Integrated **Web3Forms** for serverless form handling and real-time user feedback notifications.

GMartBD – MERN E-commerce Application

[GitHub] | [Live Link]

- Designed a responsive UI focused on smooth product transitions and mobile-first accessibility.
- Implemented complex frontend logic for product categorization and shopping cart state management.
- Utilized **System Analysis** to map out user workflows for optimal UX and interface navigation.

SAAS Streamerz – Interactive SaaS Interface

[GitHub] | [Live Link]

- Built a high-conversion landing page using **React** + **Vite** for optimized performance.
- Leveraged **Tailwind CSS** for modular styling and ensured 100% cross-browser responsiveness.
- Followed clean-code principles and modular component architecture for easy scalability.

OPEN SOURCE & SELF-LEARNING

- **Autodidactic Growth:** Independently mastered modern web stacks using official documentation and tutorials.
- **GitHub Contributor:** Actively documenting personal frontend repositories to assist the developer community.
- **Community Engagement:** Participating in code reviews and keeping current with evolving UI/UX trends.

EDUCATION

B.Sc. in Computer Science and Engineering (CSE)

2023 – Present

Bangladesh University of Business and Technology (BUBT), Mirpur-2, Dhaka, Bangladesh

- **Key Coursework:** Web Engineering, System Analysis & Design, Data Structures, Algorithms, DBMS.

ACTIVITIES & INTERESTS

- **Problem Solving:** Practicing algorithmic challenges to improve logical reasoning and system efficiency.
- **Tech Exploration:** Exploring Docker, Kubernetes, and Microservices for frontend deployment.
